

GET YOUR **TECHNICIAN CLASS** AMATEUR RADIO LICENSE

The Tamiami Amateur Radio Club (TARC) wants to help you get your license. In these COVID-19 days, in person classes in confined space class rooms is not safe. SO, we are recommending that interested persons use already published, on-line study, courses to prepare for the FCC license exam. TARC will supplement your self-study efforts with on-line ZOOM video chat sessions to answer your questions and to supplement what you are learning in the on-line courses. We are proposing the following-schedule for your self-learning:

<u>Week of:</u>	<u>Topics</u>	<u>ZOOM Session</u>
	ORIENTATION AND GETTING STARTED DISCUSSION	1 pm Aug 2
Aug 3	Chapters 1, Welcome and Chapter 2, Radio Signals Fundamentals	1 pm Aug 9
Aug 10	Chapter 3, Electricity, Components, & Circuits	1 pm Aug 16
Aug 17	Chapter 4, Propagation, Antennas, and Feed Lines	1 pm Aug 23
Aug 24	Chapter 5, Amateur Radio Equipment and Chapter 6 Comm with other Hams	1 pm Aug 30
Aug 31	Chapter 7, Licensing Regulations and Chapter 8 Operating Regulations	1 pm Sep 6
Sep 6	Chapter 9, Safety and FCC License Examination Given	1 pm Sep 13

Suggested Study Text: ARRL Ham Radio License Manual, 4th Edition
(Available from Amazon at \$29.95 paperback, or \$19.99 Kindle e-book)

Suggested On-Line Study Course: Sign-up with “Ham Test Online” at
<https://www.hamradiolicenseexam.com/> (6-month subscription for \$24.95)

There is NO CHARGE for our club volunteers to conduct the weekly ZOOM video sessions. Our goal is to keep you motivated and moving forward with your self-study, and to get you prepared to take and pass the FCC license examination. Zoom moderators:.

Andy, KB1HIP

Paul, KN4BAR

Steve, NS4P

Chet, KG4IYS

YES, YOU CAN DO IT!
